

WHAT SHOULD I WRITE ABOUT?

REMEMBER -

A memoir is a story about a part of your life, not the whole thing, but that depends on your goals. It will take you a bit longer to write your life story (autobiography), but if you had a particularly interesting or challenging life, then please write it! Most memoirs recount a special event or activity, achievement, or an enlightenment—something you learned that changed your life. But, don't forget to make the story and the characters compelling.
